

May 5 Newsletter

Welcome!

A warm welcome to Leo and Spencer, who have recently joined the After School Program community!

Registration for September 2022

Registration packages are in the processing of being prepared. Specific details, instructions and forms will be emailed to families very soon. All children currently enrolled in the program are guaranteed spots next year, provided the re-registration deadline (TBD) is respected. We anticipate having a full cohort of 30 children.

Trillium Field Trip - Friday May 13

On Friday May 13, we will be taking a walking field trip to the St Paul High School field to observe the trilliums and trout lilies that bloom in the forested area. We will walk from the community centre, departing at 2:50 pm, and will return to the centre no later than 4 pm. Please sign the permission form that is in the sign-in/sign-out clipboard. If you need to pick up your child before 4 pm on that day, speak with Sarah to make special arrangements.
