

February Newsletter – Kids' Club

We're thrilled to have kicked off our Kids' Club program with enthusiasm this month!

We welcomed back our fantastic group of returning kids from last year, laying the groundwork for an exciting journey ahead. Although starting with a smaller group from February to June 2024, we're gearing up for a full-scale program come September!

February Highlights:

Every day, after the buses arrived, we ventured outside for at least 30 minutes of play, shoveling the snow, swinging, or playing imaginary games around the play structure.

Indoors, their creativity soared with dance choreographies, songwriting and singing, fort-building, and even some knitting and watercolor painting sessions. Our recreation room buzzed with the sounds of laughter and the clatter of table tennis matches, while LEGO constructions reached new heights of imagination. Kids enjoyed reading their favorite books. The month also saw our first exhibition on the bulletin board, where we celebrated love through art, painting hearts with the names of cherished people and crafting a long chain of hearts. Every child received well-deserved kudos for their diverse talents and contributions for the month of February.

Birthday Celebrations:

This month we wished a very happy birthday to Brandon and Luke whom the kids made and signed special birthday cards.

What's New:

Exciting additions to our arsenal include new table tennis paddles and a net, vibrant aprons, and lots of art supplies to fuel our creative endeavors. Plus, we've stocked up on knitting yarn for those cozy crafting sessions!

March Closures:

Please note that Kids' Club will be closed from March 11th to March 15th for the March break. We encourage our kids to enjoy this time off and return refreshed for more adventures ahead!

Stay tuned for more updates and adventures from Kids' Club!
