RESIDENT SPOTLIGHT Q & A with EMILY MAJIC FOUNDER & OWNER OF BOHO & GLOW

1. When was boho & glow founded?

boho + glow was founded in 2020.

2. What made you want to start boho & glow?

I created boho + glow as a creative outlet while being a stay-at-home mom. I've always loved home fragrance and design, and it became a way for me to combine creativity with entrepreneurship.

3. Do you make all your products in your home? If so, do you find it difficult to separate the two?

Yes! All boho + glow home and lifestyle fragrances are hand-poured in my home studio. Everything is truly handmade and designed by me – from the products themselves to the branding, packaging, and marketing. It can definitely be challenging at times to separate work and home life, especially during busy seasons, but I love being able to create from home and watch the business continue to grow.

4. What has been the biggest challenge and biggest reward of owning your own business?

The biggest reward has been seeing my products carried in local shops and spas across Canada. It's incredibly fulfilling to watch something that started at home grow into a brand people genuinely love and support. The biggest challenge has been keeping up with demand. As the business continues to grow, there's a constant need to restock and produce new collections, often with very little downtime between seasons.

5. Anything else you'd like your community to know about you or boho & glow?

boho + glow offers seasonal collections designed to fit every season and create cozy, elevated spaces year-round. I offer local pickup in the Qualicum neighbourhood, which has been such a great way to connect with the local community and customers.

6. Will we see you at this year's fall festival?

Possibly! I may be attending this year's Fall Festival, so stay tuned on social media for updates. You can follow the boho + glow brand on instagram [@bohoandglow](https://www.instagram.com/bohoandglow)
